Fantasia

“Miss Fantasia” was inspired by artworks of young artists from countries around the globe through Child’s Dream “My Dream Drawing Contest”. This contest was launched in four categories: International, Thailand, Cambodia and Myanmar, to encourage primary school children to express their dreams through artwork. The elephants are produced by Elephant Parade.

Child’s Dream Comes True

This elephant illustrates two young children soundly asleep with their favorite stuffed animals. On one side, the girl dreams about reaching for the warm summer twilight sky with her colorful balloons. And on the other side, a boy dreams about becoming a chemistry professor and trying out a new experiment.
