This penny bank is modeled after our first Child's Dream car, a classic VW bus, which over the years has become a mascot for our organisation.

We call it "Noki" because the number plate says 'นก', pronounced as 'Nok' and means 'bird' in the Thai language.

Besides bringing us to our projects, this wonderful piece of engineering never fails to put a happy smile on the faces of the many children and their parents whenever we drive it into their villages for project visits.

Noki

The Child's Dream
Classic Penny Bank
