OUR IMPACT

HOW YOU CAN HELP

Child's Dream

was established in 2003 with the vision to empower children, youth and young adults to responsibly shape their communities. We achieve this by improving health and education for sustainable development in Myanmar, Laos, Cambodia and Thailand.

With our Health and Basic Education projects we aim to build a solid foundation in rural and impoverished communities for their long-term progress. Our Higher Education projects aim to create a new generation of responsible leaders and specialists who strongly contribute toward their country's sustainable development.
